Bringing Back the Best

On June 11, 2016 we are bringing back Showtime! **Honorary Chair Bob Saget**

lends his support again this year as we celebrate Valley Village's 45th anniversary with a very special Showtime!

This year will be full of tradition as well as some surprises. We will have a garden party with boutique shopping, champagne, and a silent auction while listening to live music. The garden party will be followed by lunch, a live auction, and comedic performance.

Showtime! is an important event. Funds raised directly benefit multiple day and residential programs for 400 men and women with developmental challenges. Valley Village is serving more clients whose needs are increasing as they age, and their needs for medical services are increasing, too. Many of the services we provide are not funded. Please consider this wide-reaching event as a way to give.

Sponsorships are available for the event. Commitments made before March 1st will be included on the invitation.

MORE INFO

Music Matters

How much has music influenced your life? Do you connect with certain songs, some of which provide vivid flashbacks to beautiful memories? Do certain genres make you feel a specific way? Our clients experience the same feelings, with the majority of those feelings being of euphoria.

The music program at Valley Village is one of the most memorable. The folks at Valley Village love listening, singing, and especially dancing to the music we provide. The best part is watching our clients enjoy the music, seeing the smiles on their faces and the happiness exuding from each and every one of them.

Our clients' favorite music teacher? Staffmember, **Juno Rada**! Listen above while Eddie tells you who he thinks is the greatest! And as you may already know, Juno is on the Farewell Season of **American Idol**...so don't forget to tune in and watch!

With the music program being one of the unfunded programs, it is a

struggle to constantly keep it moving and grooving. If you would like to adopt our music program or be a **sponsor** of a particular component of the music, or any one of our programs, we can help you achieve that goal.
